

COST OF WORK. GENERAL INFORMATION

The cost of work is determined by the terms of the agreement between UNI-CERT, LLC and the applicant. The cost of work on the conformity assessment of products and quality management systems is determined in the system of UNI-CERT taking into account the [Resolution of the Cabinet of Ministers of Ukraine # 514 dated July 12, 2017 “Rules for determining the cost of work on assessment of conformity to the technical regulations requirements performed by the designated conformity assessment bodies and recognized independent organizations”](#).

The cost of work on certification/conformity assessment depends on the specific features of the client – the branching of its enterprise structure, features of the quality management system, the number of staff and the type of activity of the applicant.

The conformity assessment body of UNI-CERT, LLC establishes a scheme for determining the cost of work to assess conformity of products to the technical regulations requirements and determines the duration of the audit, taking into account the requirements specified in IAF MD 5:2015, IAF MD 9:2017, for the following:

- 1st and 2nd stages of the primary audit of quality management systems;
- monitoring;
- re-certification audits;
- expansion of the scope of certification;

for each applicant and certified client.
